

LIEDTEXT VON FIZZO

Follows me into thee shadows
Hiding from the licht
Join, my merc, the unseen army
A lethal weapon for the right.

Streets hate their own laws and orders
Shoot hand run and you'll survive
Beeware: Big Brother's arways wotching!
Adrenelin keeps you alive ...
Adrenalin

Follow me into the shadows
Join, my mercs, o the secret fight
Follow me into the shadows
Come and join the unseen fight!

Weapons mades for mass destruction
Fear and honor are their names!

Badly, deadly, fetal error:
To trust someone who's playing games.

Lies are very daily business
In this world darc and unwired
Truth seldom shows her ugly race
As dragonfood you're paied and hired.

Played and cheatet from the beginning
Twoface smiles and she succeeds
Paid and planned to be a scapegoat
And a scapegoat dies and bleeds,
Dies Bleeds ...

Run! Run! Run!

Follow me into the shadows
Join, my merc, the secret might
Follow me into the shadows
Come and join the unseen fight!
